

Refund Policy

How You Can Prosper In Your Business With Our Assistance

Our SEO Service provides you complete SEO guarantee. In case we fail to deliver top ten positioning for a particular keyword, you will be repaid impartially, i.e., if you quote \$2000 for 10 keywords and after given time period we fail to attain top 10 result for 1 keyword then we will refund you \$200 (\$2000 divided by 10 keywords, forms \$200 for every keyword). You can also provide us with some more time to reach the top 10 ranking for a keyword or else we will refund you the due amount.

How It Comes To Function

We provide you with complete guarantee of getting the rank for monthly SEO packages depending on keyword intricacy, competition and structure of the site. Our SEO experts will go through your site and keywords for which you want to be listed among top 10 positions, if we feel that we can get you the desired rank, then Ranking Guarantee affirmation will be sent within 48 hours.

We guarantee high rankings for all kind of websites with small, medium or large sized business. Business that has more competition in the market must go for target based SEO services and we will give you a quote based on the level of competition. Business that work on web designing, SEO and pharmacy etc are not recommended to go for standard SEO plans since they are categorized as a huge business. In case we cannot deliver you the top 10 ranking for your website you can give us some time to improve the rankings or we will refund you the money.

All ranking guarantee are applicable as per the rules of Google search engine since Google has 80% search share. If we try to optimize your site for other search engines, the whole process will take a lot of time and money.

We assure you with the best SEO standards for each project. We promise to give individualized attention to every single project and achieve the desired target. We follow the rules and regulations laid by Google and do not use any black hat SEO techniques, which might give you quick results but can prove to be unsafe afterwards. It might be time consuming but we guarantee of using white hat SEO techniques for our projects.
